TECHNICAL CORRIGENDUM 2

*Technologies de l'information — Format de document ouvert pour applications de bureau
(OpenDocument) v1.0*

RECTIFICATIF TECHNIQUE 2

Technical Corrigendum 2 to ISO/IEC 26300:2006 was prepared by Joint Technical Committee ISO/IEC JTC 1, *Information technology*, Subcommittee SC 34, *Document description and processing languages*. The text is technically equivalent to Part 2 of 'Open Document Format for Office Applications (OpenDocument) Version 1.0 Errata' published by OASIS.

NOTE Some changes made to ODF Version 1.0 by Part 2 of the Errata published by OASIS have been omitted due to conflict with changes made by OASIS in preparing ODF Version 1.1. A project to align ISO/IEC 26300:2006 with ODF Version 1.1, by Amendment of the International Standard, is currently in progress. It is considered inappropriate to make changes in this Technical Corrigendum that would have to be reversed or changed further by an Amendment.

This Technical Corrigendum should be read in conjunction with ISO/IEC 26300:2006 and the associated Technical Corrigendum 1. The current edition of ISO/IEC 26300 should be understood by first applying the changes specified in Technical Corrigendum 1, then the changes specified in this Technical Corrigendum.
